

2045

2045 Empresa de Segurança S.A is one of Portugal's leading private security firms, with a strong presence across the country and over three decades of operational excellence. Founded in 1990, the company has steadily evolved into a national provider of integrated security solutions.

The company employs over 4,000 licensed security guards, making it one of the largest workforces in the industry. These professionals are deployed across a wide range of sectors, including critical infrastructure, banking, retail, logistics, and public administration. 2045 is known for its rigorous training programs, legal compliance, and a client-centric approach focused on risk prevention and operational efficiency.

In addition to manned guarding, the company offers advanced services such as remote surveillance, access control, mobile patrols, and customized technological security systems. By combining human expertise with digital innovation, 2045 delivers reliable and scalable protection solutions for both public and private entities.

With an annual turnover exceeding €78 million, 2045 ranks as the fourth largest private security provider in Portugal, consistently recognized for its adaptability, service quality, and commitment to safeguarding people, property, and assets.
