

Cobra Specialist Security Services Ltd.

Our SIA Approved and NSI Gold Security Division has one overarching goal – to protect your people, your customers and your assets. In order to achieve this, we tailor a specific Security Solution for each of our Clients by listening to their requirements and advising on how we can best meet their needs whilst adhering to budget. This has led us to be trusted by a wide range of Clients from individuals to SMEs through to some of the top brands and blue chip companies in the UK, Northern Ireland and Republic of Ireland.

We have been providing dynamic security services across all sectors of the UK & Northern Ireland economy since 1998. This means we have a deep understanding of the security issues impacting on UK and Irish companies and organisations every day, and we have developed robust, bespoke systems that allow us to respond quickly and effectively to situations that arise, ensuring your peace of mind at all times.

It takes a special kind of person to operate effectively and professionally in the security sector, so we invest heavily in recruiting, training and developing our Managers, Supervisors and Front Line Security Officers. Our selection processes are rigorous and we accept only the best, but this means you can have confidence in our ability to deliver a dependable security solution for your needs.
